Howdy~

tinyurl.com/cookierevolution

Sorry for the delay. Unfortunately most of us are currently occupied with private business such as family matters, illnesses, exams or work, therefore we were unable to release any faster.

However we have not (and are not planning to) stop!
And here it finally is: Our next 1 ½ chapters of Akaito. This chapter 32, together with the extra, mark the end of volume 8. Volume 9 will be the conclusion to the Akaito storyline.

We are happy to announce, that we will be doing Kiritani and Rino's story, 10 manbun no 1, next as a joint-affort with Whitelies Fansub, who will be releasing it in Spanish. So for those of you who cannot get enough of this fictional universe, do not fret, there will be a continuation and more to see of our 2 young couples!

Aagain, we'd like to thank Whitelies Fansub for providing us with the cleans of this chapter, so we had less work to do. Thanks! ♥

If this is your first time reading one of our release notes, then please continue reading our hosting guideline about why it is so important, that you do not read on mangafox, mangahere, kissmanga etc (those other big aggregator sites). They are the reasons less mangas are scanlated and scanlation groups stop working! They are destroying the community - not helping it!

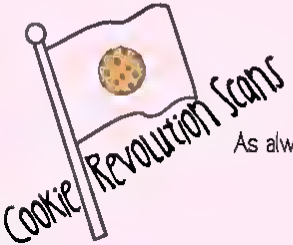
Avoid reading at any of the mass-aggregators and only read at bato.to, if you need to read on one.

Sites you should avoid include (but not limited to):

www.mangahere.co www.mangafox.com www.mangatown.com www.mangago.me
www.kissmanga.com www.tomanga.com www.mangabb.co www.mangainn.net
www.mangahome.com www.goodmanga.net www.eatmanga.com www.mangapark.me
www.mangasee.co

Those sites are also the reason, why we had to put stamps on our release. So if you don't like the stamps, blame those sites and tell them to respect our policy. We do not allow uploads anywhere except for bato.to and the downloads available on our forum. If you see them anywhere else, please contact them and tell them to remove them immediately.

(Like always) we're looking for people who are willing to help us create awesome scanlations.
Translators (Japanese/Chinese/Vietnamese/Korean) **where are you hiding!? We need you! :D**
Cleaners & Type-Setters
You can find a short profile for each 'job' in the 'Join Us!' section.
So if you have a bit of free time, please consider joining us!



This release features chapter 32 and 32.5 of Akaito (vol 8).
As always you can find our release in the release section or the Akaito project section and on bato.to for online-reading.

We hope you enjoy this new chapter~

If you want to continue reading scanlated manga stop supporting sites like mangafox, mangago, mangahere, kissmanga etc!! THEY are the reason lots of mangas don't get scanlated anymore or the publishers had the scanlations taken down! Read more about this in the hosting policy on our forum at tinyurl.com/cookierevolution
